

KILVERT SOCIETY JOURNALS

INDEX

JOURNALS NO 1 – 51.

February 2000 – September 2020

Copyright © The Kilvert Society, 2021

An index to Newsletters 1956-2000 was prepared by the late Revd Dr J.N. Rowe. This index is its sequel. The complete run of Journals 1 – 51 has been included in this publication, so there is an overlap with the previous index for 2000, Journals 1 – 3. As each Journal has its own number, entries can be slightly simpler than for Newsletters: Journal number and pages, separated by a colon e.g. 1:23. I have consulted the Newsletters Index and the Index to the three volume edition of the *Diary* for entry terms. Photographs which are not included in an indexed article are given page references *in italics*. Journals 31 and 33 – 41 were paginated as one continuous sequence and this is reflected in the Index. Journal 32 was not paginated and I have assumed a sequence from 1 – 32.

‘From the Archive’ pieces that first appeared in the Newsletter are also included in this index. An index to Kilvert Society Excursions will appear with *Journal 53*. Obituaries and Reviews have been separately indexed. Details of where to find an entry can be supplied by the *Journal* editor (see *Journal* inside front cover for contact details).

Thanks to the many contributors to the Kilvert Society Journal over the last twenty years. This index is dedicated to the memory of Jeff Marshall, who developed the Journal out of the Kilvert Society Newsletter and nurtured it into a distinguished publication.
